

Petra Universal Synthetic CVT Fluid

PN 53032 (32oz) Specification Sheet

Product Description:

Petra Universal CVT Fluid is a high quality Full Synthetic Transmission Fluid with special additives designed for belt-CVT's. Fluid works excellent in metal-metal friction applications and provides good torque transfer.

Advantages & Uses:

Petra Universal CVT Fluid is designed for most CVT applications including the following applications:

- Toyota (TC)
- Nissan (NS-I)
- Nissan (NS-II)
- Mitsubishi (NS-II/SP-III)
- Subaru (NS-II)
- Daihatsu (TC)
- Hyundai / Kai (SP-III)
- Mazda (TC)
- Dodge Caliber (NS-II)
- Honda (Ultra ATF)
- Honda (Ultra ATF-Z1)
- Fuji (ECVT/i)
- Suzuki (NS-II and TC)
- Suzuki (CVT)
- Suzuki (SCVT)

Petra Universal CVT Fluid is not recommended for VW/Audi and Ford CVT-30 and Toyota Hybrid CVT.

Features:

Full Synthetic CVT Fluid designed for use in most CVT applications. A high performance fluid that eliminates having to stock different fluid brands.
